

Beond the Blue Horizon Lyrics

Beyond the blue horizon,
Waits a beautiful day
Goodbye to things that bore me
Joy is waiting FOR me,

*I see the new horizon
My life has only begun
Beyond the new horizon
Lies the rising sun.*

Beyond the blue horizon,
Waits a beautiful day
Goodbye to things that bore me
Joy is waiting FOR me,

*I see the new horizon
My life has only begun
Beyond the new horizon
Lies the rising sun.*
